Just Released! Effective Property Management Engagement Strategies

For individuals with behavioral health needs who are experiencing or at risk of homelessness, the success of a supportive housing program depends in part upon the availability of high-quality affordable housing options. Successfully engaging property management and identifying available and affordable rental units requires a strategic approach, informed by local opportunities and resources.

This new issue brief covers identifying service providers' strengths and resources that will appeal to property management, developing an agency "pitch," identifying existing rental industry networks or initiating a network where none exists, and formalizing the property management-provider partnership.

This issue brief is available in English and Spanish.

Effective Property Management Engagement Strategies:
Addressing the Housing Needs of Individuals with Serious Mental Illness, Substance Use Disorders, and Co-occurring Disorders

MARCH 2022

Methamphetamine and the Transition to Housing: Strategies to Support People to Thrive in Permanent Housing

APRIL 20, 3:00PM-4:30PM ET

Next Week! Methamphetamine and the Transition to Housing: Strategies to Support People to Thrive in Permanent Housing

April 20, 3:00-4:30pm ET (12:00-1:30pm PT)

The transition into permanent housing following homelessness or housing instability can be particularly challenging for individuals who use methamphetamine or other stimulants. However, there are interventions and supports that can help improve safety, independence, and recovery in housing. This webinar will discuss health and housing challenges related to methamphetamine use and will provide specific strategies to support new and existing tenants who use methamphetamine to maintain housing. Join us as we release the *Guide to Methamphetamine Use, Treatment, and Housing Considerations for People Experiencing Homelessness* (available in English and Spanish).

This webinar is facilitated in partnership with the National Health Care for the Homeless Council.

This webinar will be recorded and posted on the HHRC website. ASL Interpretation and closed captioning will be available during the webinar. Certificates of participation will be provided for those who complete the evaluation survey. HHRC will not provide CEUs for this webinar.
