

March Newsletter

THE TIME IS RIGHT
FOR SOCIAL WORK

March is National Social Work Month

Every March, we celebrate the essential contributions that social workers make every day in helping improve lives. Social workers provide critical services in an array of sectors such as medical and behavioral health centers, social service agencies, community-based organizations, schools, and shelters. HHRC would like to thank social workers for their contributions to improving health and housing outcomes in our communities.

To learn more about National Social Work Month visit the [National Association of Social Workers website](#).

Methamphetamine and the Transition to Housing: Strategies to Support People to Thrive in Permanent Housing

APRIL 20, 3:00PM-4:30PM ET

Webinar: Methamphetamine and the Transition to Housing: Strategies to Support People to Thrive in Permanent Housing

April 20, 3:00-4:30pm ET (12:00-1:30pm PT)

The transition into permanent housing following homelessness or housing instability can be particularly challenging for individuals who use methamphetamine or other stimulants. However, there are interventions and supports that can help improve safety, independence, and recovery in housing. This webinar will discuss health and housing challenges related to methamphetamine use and will provide specific strategies to support new and existing tenants who use methamphetamine to maintain housing. Join us as we release the *Guide to Methamphetamine Use, Treatment, and Housing Considerations for People Experiencing Homelessness* (available in English and Spanish). Attendees will hear from speakers with experience in the field and have an opportunity to engage in a Q&A session with the panel.

This webinar is facilitated in partnership with the National Health Care for the Homeless Council.

This webinar will be recorded and posted on the HHRC website.

ASL Interpretation and closed captioning will be available during the webinar. Certificates of participation will be provided for those who complete the evaluation survey. HHRC will not provide CEUs for this webinar.

We're Hiring!

Policy Research is seeking a full-time Project Assistant to support the SAMHSA Homeless and Housing Resource Center and the SAMHSA Supplemental Security Income/Social Security Disability Insurance Outreach, Access, and Recovery (SOAR) Technical Assistance Center. This position may be based remotely.

The successful candidate for the Project Assistant position will function as an integral part of a team that provides technical assistance and support to professionals working in the fields of behavioral health and homelessness.
