Join us at Two Virtual Events to Learn More!  
**Webinar:** June 29, 2:30-3:30pm Eastern Time (11:30am-12:30pm PT)  
**Office Hours:** July 7, 3:00-4:00pm Eastern Time (12:00-1:00pm PT)  
**July 6, 2:00-3:00pm Eastern Time (11:00am-12:00pm PT)**

**NEW Resource: Whole-Person Care for Individuals Experiencing Homelessness and Opioid Use Disorder Toolkit: Part 2**

In this webinar, participants will learn about the key components of this resource and how to use it to support individuals experiencing homelessness and Opioid Use Disorder (OUD). The webinar will cover tips for identifying available funding and strategies for partnerships to secure Medicaid and SAMHSA funding. Presenters will discuss tips for identifying available funding and strategies for partnerships to secure Medicaid and SAMHSA funding.

**NEW Resource: Whole-Person Care for Individuals Experiencing Homelessness and Opioid Use Disorder Toolkit: Part 1**

This webinar will offer practical information about key federal resources available through the U.S. Department of Health and Human Services to improve access to the full array of housing-related services and supports. Participants are encouraged to submit questions in advance of the webinar to: info@hhrctraining.org

  - July 22, 2:00-3:00pm Eastern Time
- **Office Hours: Supporting Resiliency in Housing and Health Professionals**
  - July 15, 2:00-3:00pm Eastern Time

**Staffing News: Welcome Alisha!**

Alisha spent the last year supporting outreach efforts for the lead Housing Resource Center and the SAMHSA SOAR TA Center.

The Homeless and Housing Resource Center is a program developed under a grant awarded to St. Francis House by the National Association of Heller Social Workers (NASW) to support systems change for people experiencing homelessness, with a specific focus on individuals with mental illness.

Alisha loves to bake! Otherwise, she can typically be found on a kayak or trying her hand at some new craft project. For fun (and stress relief), Alisha loves to hike, bike, and listen to music. She also completed her master's degree in American Studies in December! Prior to her current work, she supported electoral campaigns as a Field Organizer. The common denominator in all of these endeavors is a love for policymaking and systems change. For fun (and stress relief), Alisha loves to hike, bike, and listen to music. She also completed her master's degree in American Studies in December! Prior to her current work, she supported electoral campaigns as a Field Organizer. **New Online Course**

Introduction to Treatment Models and Engagement Online Course

This course is available to staff in the homelessness and housing field who want to learn more about the role of behavioral health services in supporting housing stability. Participants will explore key treatment models and learn how to work effectively with clients who are experiencing homelessness.

**Topics Covered:**
- Health disparities and lack of access to care
- Treatment strategies, including brief intervention and harm reduction
- Treatment fidelity and its measurement
- Treatment engagement techniques and barriers

This course is not part of the training series, open to all those curious about and interested in learning more about treatment models in the field of behavioral health services.

**NEW Resource: Supporting Housing Services for People with Behavioral Health Needs: Federal Resources**

Funding for homeless service providers who work with clients who are experiencing homelessness and who have serious mental illness, serious emotional disturbance, substance use disorders, or co-occurring disorders.

The webinar will provide an overview of key federal resources available through the U.S. Department of Health and Human Services to support systems change for people experiencing homelessness, with a specific focus on individuals with mental illness.

**NEW Resource: Just Released! Introduction to Treatment Models and Engagement Online Course**

In this session, panelists will provide a brief overview of the toolkit and engage in a roundtable discussion of best practices. Participants are encouraged to submit questions in advance of the webinar.

**NEW Resource: Whole-Person Care for Individuals Experiencing Homelessness and Opioid Use Disorder Toolkit: Part 2**

The webinar will offer practical information about key federal resources available through the U.S. Department of Health and Human Services to improve access to the full array of housing-related services and supports. Participants are encouraged to submit questions in advance of the webinar.

**NEW Resource: Models and Engagement Online Course**

This course consists of four chapters, each of which has a series of articles and videos that explore key concepts in treatment engagement. It is available to the general public and provides foundational level knowledge about treatment engagement and is designed to be completed at the participants’ own pace, starting and stopping as they wish.

**Key Topics in the Course:**
- Health disparities and lack of access to care
- Treatment strategies, including brief intervention and harm reduction
- Treatment fidelity and its measurement
- Treatment engagement techniques and barriers

If you have any questions or comments about the webinar series, please direct them to info@hhrctraining.org.

**NEW Resource: Supportive Housing Services for People with Behavioral Health Needs: Federal Resources**

Funding for homeless service providers who work with clients who are experiencing homelessness and who have serious mental illness, serious emotional disturbance, substance use disorders, or co-occurring disorders.

The webinar will provide an overview of key federal resources available through the U.S. Department of Health and Human Services to support systems change for people experiencing homelessness, with a specific focus on individuals with mental illness.
