March 2023 Newsletter

March is National Social Work Month!

Funding Opportunities

SAMHSA: Tribal Behavioral Health Recruitment, Training, and Support Services Contract for Native American, Alaska Native, and Other Tribal Urban Areas

The purpose of this program is to recruit, train, and support master’s and doctoral level social workers to work in underserved areas of the Nation. This funding is intended to support the recruitment and training of social workers and social work students in order to deliver quality mental health and substance use disorder treatment, and recovery support for individuals who are from racial and ethnic minority populations; and (3) improving the quality of mental and substance use disorder treatment, and recovery support for American Indian/Alaska Native, Native Hawaiian, and other urban tribal communities.

Applications are due on May 1, 2023.

SAMHSA’s GAINS Center: The Importance of Wellness in Peer Support

This article summarizes the behavioral health implications regarding Long COVID. It summarizes the current literature review, but no CEUs are included in this event.
