Just released!

Coordinating Systems of Care to Provide a Comprehensive Behavioral Health Crisis Response for Individuals Experiencing Homelessness

This new guide offers comprehensive strategies for developing multi-systems in crisis response. It presents a 5-part framework for crisis prevention, early mitigation, ensuring continuity post-crisis, enhancing community partnerships, and enhancing crisis response. The guide includes a planning template, an implementation road map, and a crisis response checklist to help organizations evaluate their crisis response systems and develop a plan for improvement.

Check out our recent webinar to hear from providers how they are addressing unique challenges in their communities.

Webinar: Introduction to Psychotic Disorders

May 10, 2:00-3:30pm Eastern Time (11:00am-12:30pm PT)

This 90-minute webinar aims to provide education and introduce several skills and techniques that can support people experiencing symptoms of psychotic disorders. The webinar will cover topics such as diagnosis and symptoms, best practices for working with this population, and a panel discussion of experts in the field.

Webinar: Effective Behavioral Health Crisis Response

May 9, 2023 - 10:00am ET

This webinar will feature a panel of experts discussing innovative strategies and best practices for providing effective behavioral health crisis response. The panel will include representatives from health care facilities, mental health centers, and community organizations. Attendees will have the opportunity to ask questions and engage in a Q&A session.

Partner Resources

Explore new training and resources from HHRC and our partners.

*New Staff Orientation Guide*

This guide compiles introductory resources offered cost-free by HHRC and our partners. It provides a comprehensive overview of the HHRC program, including information on how to enroll, how to become a provider, and how to access resources and support. The guide includes links to helpful websites, downloadable documents, and contact information for key personnel.

*Enhancing Community Partnerships*

This section describes practical approaches that systems of care can deploy to strengthen collaboration. It covers best practices for working with community partners, including strategies for effective communication, conflict resolution, and goal-setting.

*Ensuring Continuity Post-Crisis*

This brief suggests strategies to enhance crisis response in both the short and long term. It includes recommendations for developing contingency plans, establishing backup systems, and ensuring that critical services are maintained during and after a crisis.

*Enhancing Crisis Response*

This 6-part webinar series aims to provide education and introduce several skills and techniques that can support people experiencing symptoms of psychotic disorders. The webinar will cover topics such as diagnosis and symptoms, best practices for working with this population, and a panel discussion of experts in the field.

*Coordinating Systems of Care to Provide a Comprehensive Behavioral Health Crisis Response for Individuals Experiencing Homelessness*

This new guide offers comprehensive strategies for developing multi-systems in crisis response. It presents a 5-part framework for crisis prevention, early mitigation, ensuring continuity post-crisis, enhancing community partnerships, and enhancing crisis response. The guide includes a planning template, an implementation road map, and a crisis response checklist to help organizations evaluate their crisis response systems and develop a plan for improvement.
